The Royal Navy

The Headquarters of the Royal Navy is in Portsmouth, and the service is led by the First Sea Lord and Chief of the Naval Staff, a 4-star Admiral. The First Sea Lord is supported at 3-star level by the Second Sea Lord, who is responsible for people, training, capability development and acquisition; and the Fleet Commander, who is responsible for force generation and operations.

İngiltere, Navy Command HQ (Tek Karargah.) ve Bağlı Birlikler

The Commander Operations (COMOPS) is a senior Royal Navy officer based at Northwood Headquarters (PJHQ) who exercises operational command of all national maritime operations on behalf of the Fleet Commander.

Avustralya

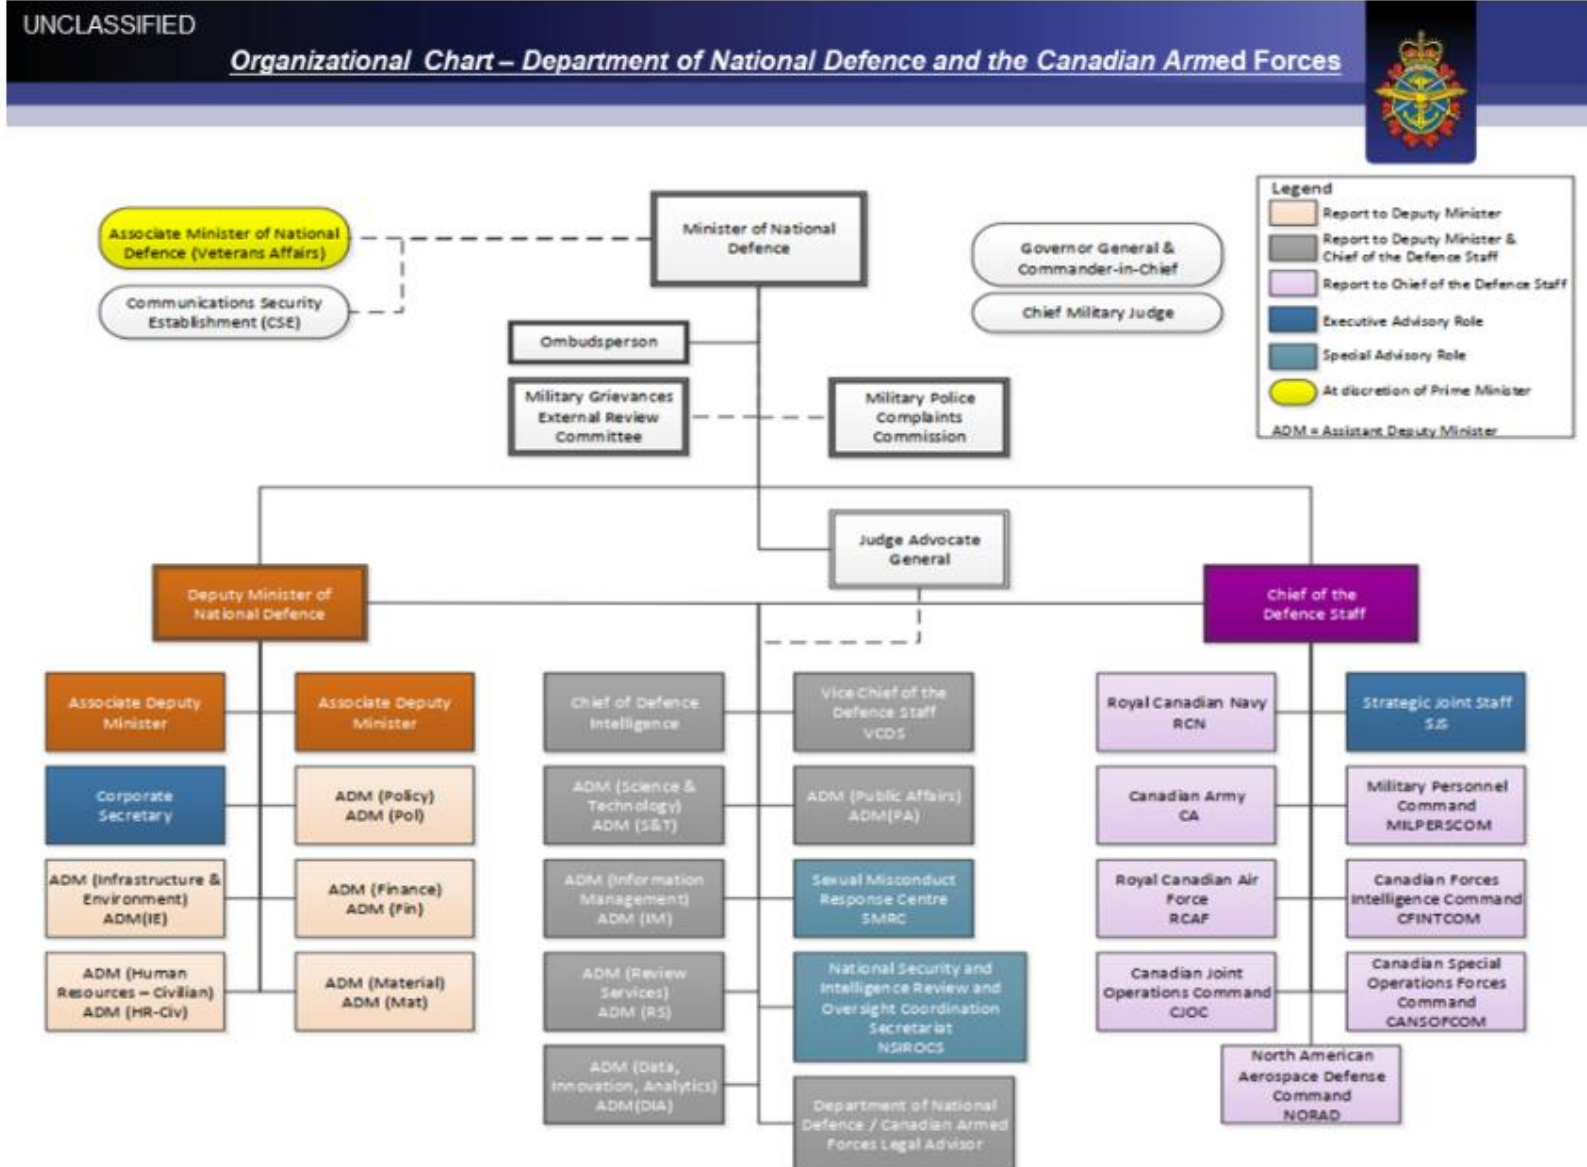

Director General Maritime Operations (DGMAROPS)

This position is responsible to the Fleet Commander but located in Headquarters Joint Operations Command (HQJOC). DGMAROPS has oversight of the Maritime Operations Centre (MOC) located within HQJOC. The MOC coordinates the execution of all maritime activities and operations conducted by fleet units that are not assigned to a designated Joint Task Force (JTF) commander. **DGMAROPS exercises operational control** of all RAN units at sea and tactical command of 'routine activities' that are below the threshold where a JTF is required. DGMAROPS also has responsibility as the Navy Submarine Operating Authority (SUBOPAETH) and development of the Navy Activity Schedule (NAS) – the executive document that articulates the Navy's priorities.

Outline Navy Structure

Navy Strength: 42,000

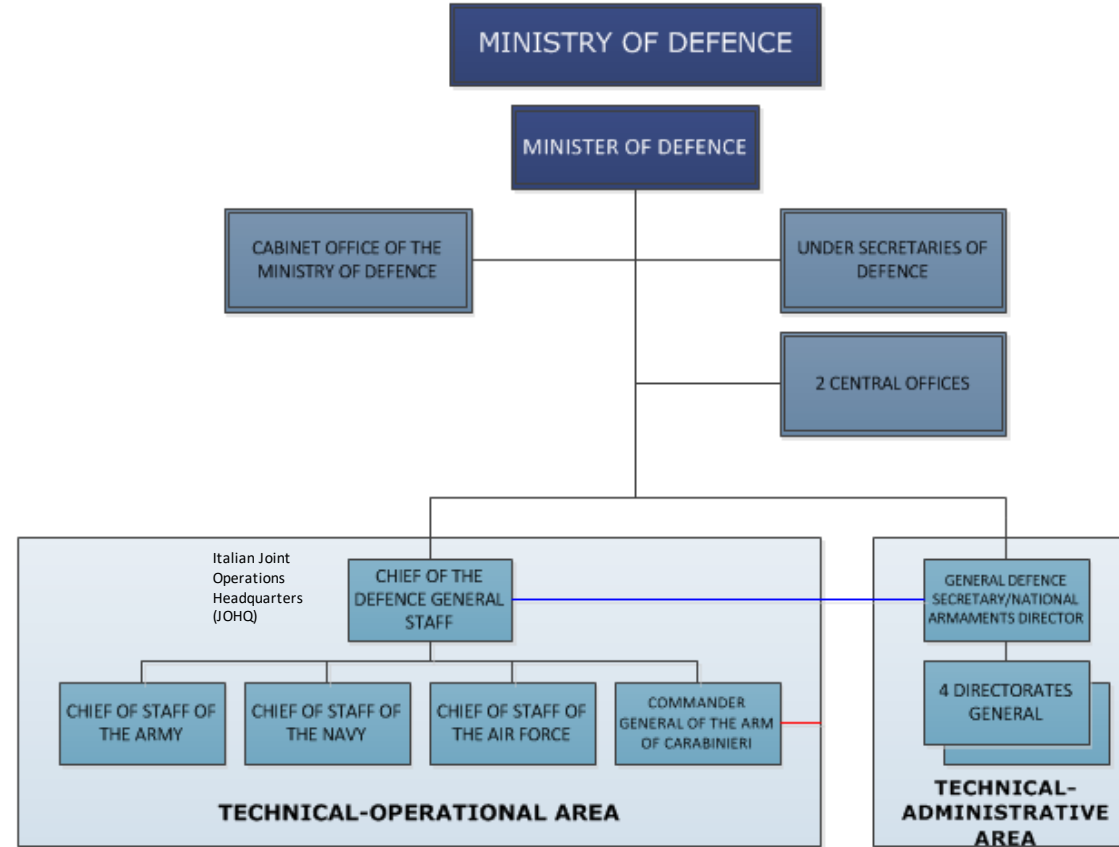

Principal Units

- 4 x Strategic (Ballistic Missile Submarines)
- 6 x Attack Submarines
- 2 x Aircraft Carriers
- 11 x Destroyers
- 20 x Frigates

İtalya Milli Savunma Organizasyonu

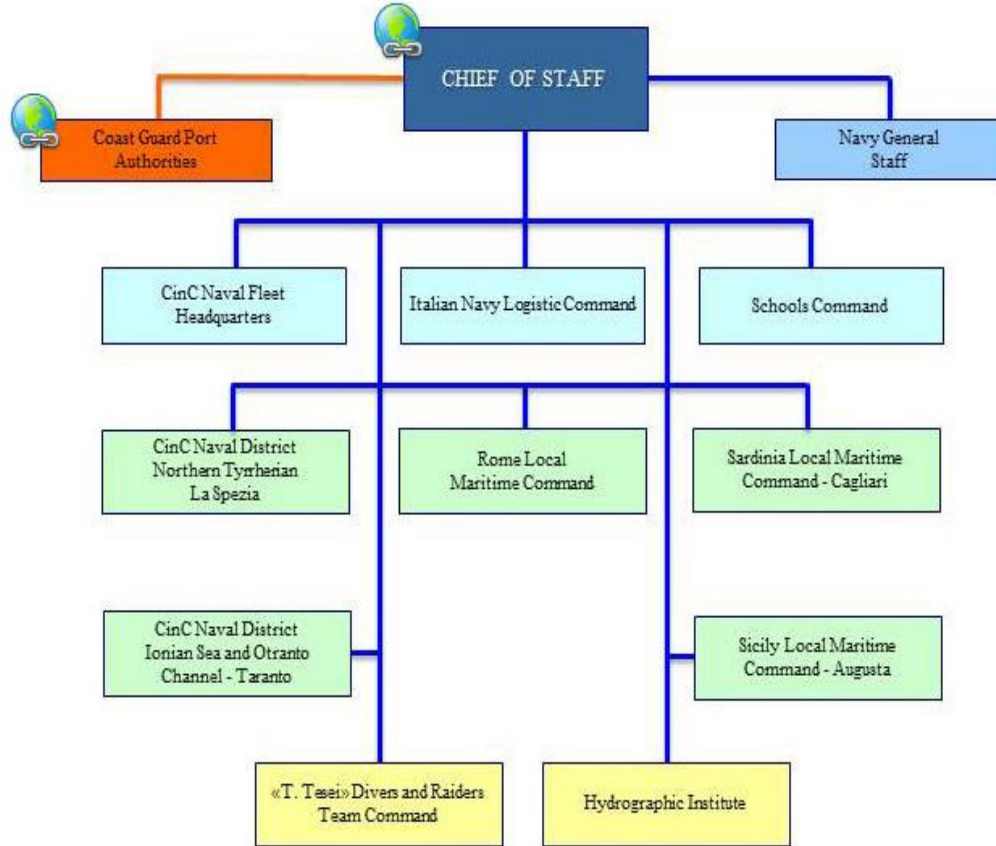

Legend:

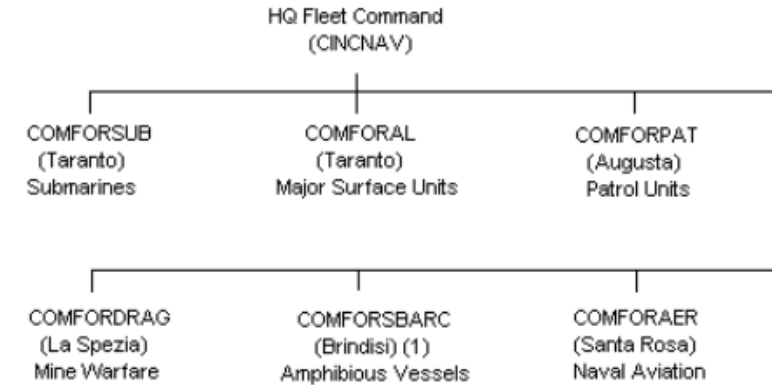

- Hierarchical dependence**
- Dependence of the General Defence Secretary / National Armaments Director on the Chief of the Defence Staff for technical-operational matters**
- Carabinieri depend, through the Commander General, on the Chief of the Defence General Staff only for their military duties**

İtalya Deniz Kuvvetleri

ITALIAN NAVY OUTLINE STRUCTURE

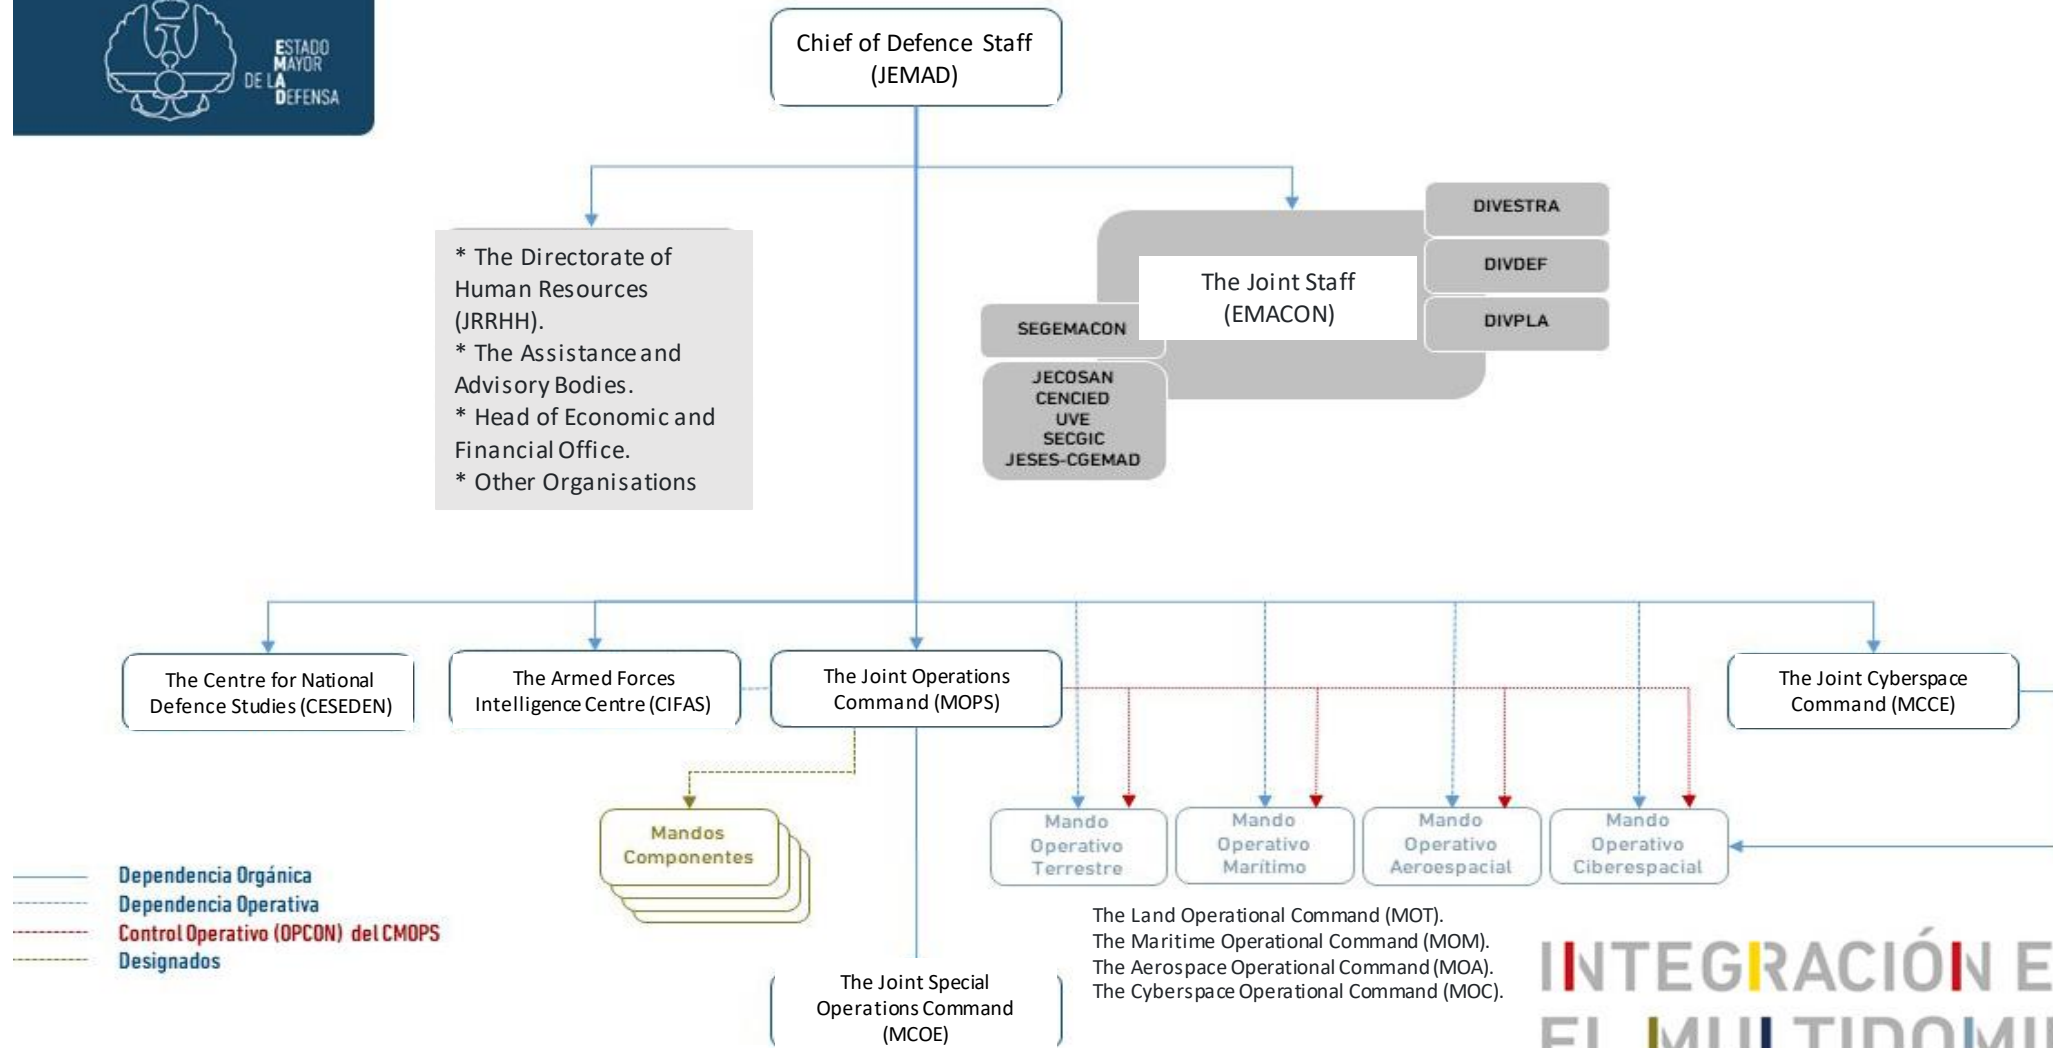

Note:

(1) The Amphibious Forces includes the 1,300 personnel of the San Marco Regiment. This unit includes 1 x Assault Battalion, 1 x Logistic Support Battalion; 1 x Special Forces Company; 1 x Operations Company (for marine detachments on naval vessels).

- The navy maintains approximately 181 ships in service, including minor auxiliary vessels. The fleet has started a process of renewal that will see 50 ships retired by 2025 and replaced by 30 multi-mission ships.
- Ocean going fleet units include: 2 light aircraft carriers, 3 small 8,000 tonnes amphibious transport docks, 4 air-defence destroyers, 4 general-purpose frigates, 8 anti-submarine frigates, and 8 attack submarines.
- Patrol and littoral warfare units include one light patrol frigate, 10 offshore patrol vessels and two corvettes. In support of the fleet there are 10 mine countermeasure vessels, 6 coastal patrol boats/special forces patrol boats and a various auxiliary ships.
- The total displacement of the Italian Navy is approximately 275,000 tonnes.

Note:

Naval operations is assisted by inputs from 353 Maritime Patrol Squadron (Air Force P-3B Orion aircraft).

Hollanda Milli Savunma Organizasyonu

Hollanda Deniz Kuvvetleri Yapısı

Admiralty

The Admiralty in Den Helder directs the activities of the Royal Netherlands Navy under leadership of the commander.

Royal Netherlands Navy staff

The staff of the Royal Netherlands Navy is responsible for developing policy and for overall management of the organisation.

The staff comprises 4 directorates:

- Operations;
- Operational Support;
- Planning and Control;
- Personnel.

Royal Netherlands Navy

- Admiralty
- Admiralty Benelux
- Netherlands Maritime Force
- Ships
- Naval Maintenance and Sustainment Agency
- Marine Corps
- Commander Netherlands Forces in the Caribbean
- Hydrographic Service
- Defence Diving Group
- Diving Medical Centre

Ships

There are 3 categories of ships: large surface units, small surface units and subsurface units.

Large surface units

The Navy is equipped with the following large surface units:

- 6 frigates (2 multi-purpose frigates and 4 air-defence and command frigates);
- 2 amphibious transport ships, also known as Landing Platform Docks (LPDs);
- 1 supply ship;
- 4 patrol ships, also known as Ocean-going Patrol Vessels (OPVs).

Small surface units

The Navy is equipped with the following small surface units:

- 6 mine countermeasure vessels;
- 2 hydrographic survey vessels;
- 1 torpedo work ship;
- 1 support vessel in the Caribbean;
- 1 sailing training ship;
- 1 Navy training ship;
- 4 diving vessels.

Subsurface units

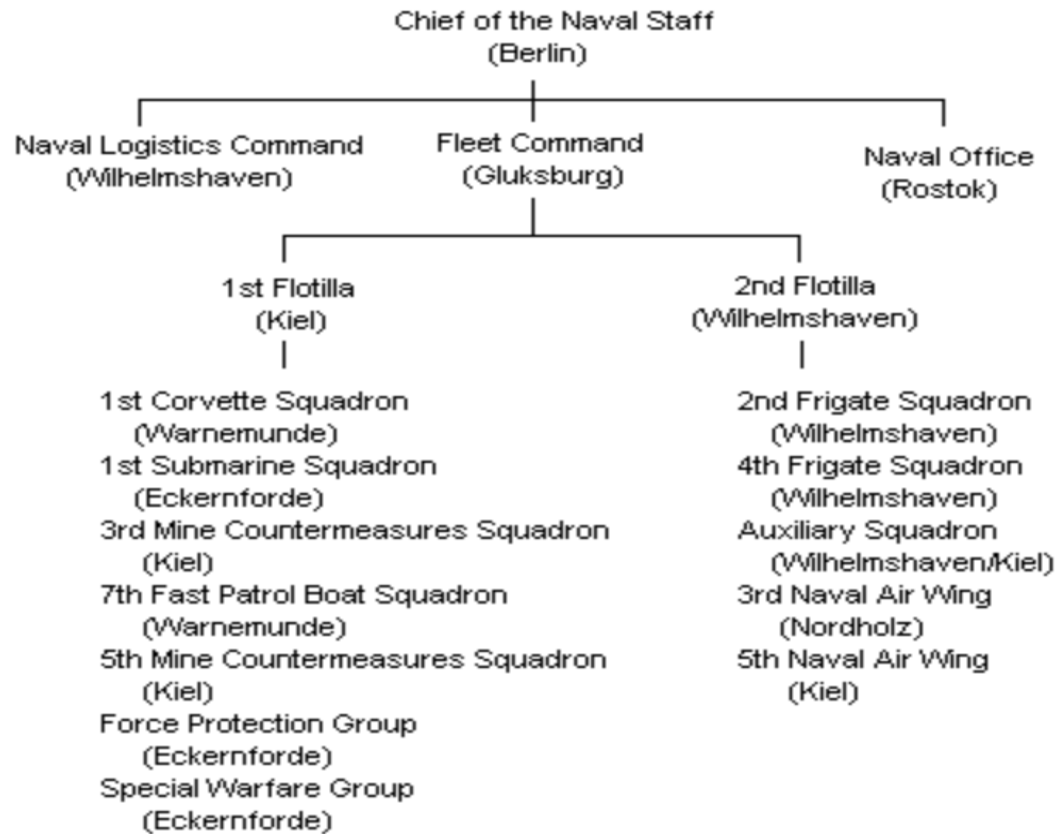

The Navy has the following subsurface units:

- 4 Walrus-class submarines.

Almanya Dz.K.K.lığı

GERMAN NAVY OUTLINE STRUCTURE

NAVAL ORGANISATION

Navy Strength: approximately 24,000 including about 3,500 conscripts (plus about 4,000 reserves)

Principal units:

12 x Submarines
15 x Frigates
10 x Patrol Craft
19 x Mine Warfare Vessels

Published plans suggest that the future German Navy will consist of about 90 vessels. This total will probably include 8 x submarines, 14 x frigates, 14 patrol and 20 x mine countermeasures vessels.

Note:

The Naval Office is responsible for policy, doctrine, security, training, schools, personnel, medical services, armaments, supply and maintenance.

İsveç Dz.K.K.lığı

SWEDISH NAVY OUTLINE STRUCTURE

There are other port/base detachments at Musko, Berga, Goteborg, Visby, Malmo and Harnosand.

NAVAL ORGANISATION

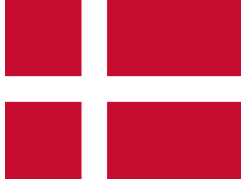

Navy Strength: approximately 2,500 available including about 500 coastal defence personnel.

Principal Units:

- 4 x Submarines
- 5 x Corvettes
- 14 x Patrol Vessels

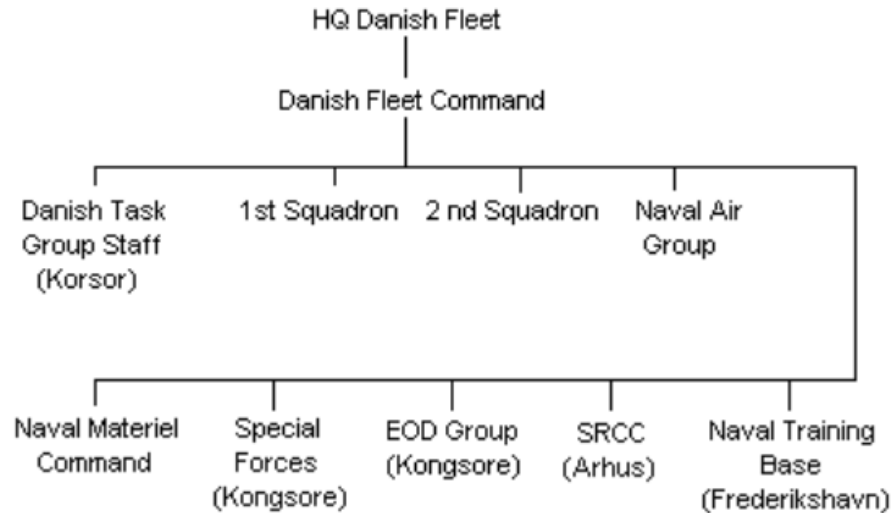

MAJOR NAVAL EQUIPMENT

Submarines Tactical (SSK)	2 x Gotland
	2 x Sodermanland
Corvettes (FS)	5 x Visby (first vessels entered service in 2009)
Mine Countermeasures (MCM)	2 x Landsort
	5 x Koster
	3 x Styrso
	4 x Minelayers
Patrol and Coastal Combatants (PCC)	2 x Stockholm
	12 x Tapper
Miscellaneous	40 x Landing Craft (LCM/LCU)
	130 x Light Combat Boats/Landing Craft
	28 x Support vessels (estimate)
Coastal Defence	90 x RBS-17 (Hellfire) SSM
	50 x RBS-70 SAM
	55 x 120 mm Mortars
	Some Piranha APC (Wheeled) reported

Danimarka Dz.K.K.lığı

OUTLINE NAVY STRUCTURE

Navy Strength: approximately 3,200 (including about 200 conscripts)

Notes:

(1) Danish Task Group (DATG) is the coordinating HQ for combined and joint exercises/operations. In essence all Danish vessels can be assigned to the DATG.

(2) Special Forces (Frogmen Corps) consist of about 90 highly trained personnel.

(3) EOD – Explosive Ordnance Demolition Group.

(4) SRCC – Search and Rescue Coordination Centre.

1 Squadron assets

4 x Thetis Class offshore patrol vessels (Frederikshavn)
2 x Fishery protection vessels (Frederikshavn)
2 x Training vessels (Frederikshavn)
1 x Transport vessel (Frederikshavn)
3 x Ice breakers (Frederikshavn)
6 x Mk II units (Korsor)
2 x Surveillance vessels (Korsor)

2 Squadron assets

2 x Support vessels (Frederikshavn)
4 x Mine countermeasures vessels (Frederikshavn)
3 x Niel Juel Corvettes (Korsor)
10 x Standard Flex 300 vessels (Korsor)
